Questions and Answers:

Q. Is Joshua Tree Private School On-line Director of Staff Development independent/home study continuing education course for nurses approved by the California Board of Registered Nursing?

A. Yes! Joshua Tree Private School is a continuing education provider approved by the California Board of Registered Nursing provider number 15948 for 24 contact hours.

Q. What qualifications does a licensed nurse in California must meet to become a Director of Staff Development or instructor?

A. Section 71829 from title 22 in the California Code of Regulations states that (d) The nursing facility, agency or public educational institution is responsible for assuring that the Director of Staff Development or Instructor who teaches the certification training program meets either of the following qualification requirements:

- One year of experience as a licensed nurse providing direct patient care in a long term care facility in addition to one year of experience planning, implementing, and evaluating educational programs in nursing; or
- Two years of full time experience as a licensed nurse, at least one year of which must be in the provision of direct patient care in a nursing facility. Within six months of employment and prior to teaching a certification program, the Director of Staff Development or Instructor shall obtain a minimum of twenty-four (24) hours of continuing education courses in planning, implementing and evaluation educational programs in nursing. These must either be courses approved by the Board of Registered Nursing or courses administered by an accredited educational institution. A transcript of successfully completed courses shall be sent to the Department and shall be used as a basis for approval of the qualifications of the Director of Staff Development or Instructor. A copy of the transcript shall be kept on file at the nursing facility, agency or public educational institution.

Q. In what settings can a nurse who meets the above requirements teach nursing assistant training programs in?

A. Skilled nursing facilities, Adult Education, Regional Occupational Training (ROP), Job Corps, Vocational Schools, Community Colleges, etc.

Q. What is the minimum amount of time that a participant can complete the course in?

A. 24 hours divided into three 8 hour days.

Q. What is the maximum amount of time that a participant can complete this course in?

A. 30 days from the date payment is made.

How the Course Works:

This course has a time limit of 30 days from the date of purchase.

- If you don't complete the course in 30 days and would like to continue with the course then you have the option to pay \$50 for a 30-day extension.

Joshua Tree Private school on line course, quizzes and exam offer many benefits from saving time to saving money. Despite the numerous benefits, Joshua Tree Private School must face the fact that on-line tests are not immune from cheating.

Students have always, and will always attempt to cheat. With online tests the ways students find to cheat may be different than on traditional exams. It's up to Joshua Tree Private School to anticipate these new ways of cheating.

Using the simple methods below Joshua Tree Private School can effectively prevent students from cheating while still offering quality assessments on line.

How we evaluate the course:

1. We add a time limit to all quizzes and exams. Although setting a time limit can introduce a level of stress for students, it can also keep students on task. If students know they have a limited amount of time, the likelihood of students trying to find the answers using external methods is reduced. Our quiz has a time limit of 30 minutes and our exams have a time limit of 120 minutes. You only get one attempt at each quiz and each exam. Do not take the quiz or the exams until you have read all the material and feel prepared to pass them. If you fail an exam with a score of less than the passing score of 70% then, you have the option to pay \$25 to retake a failed exam before your 30-day access to the course expires. You may not take the final exam until the quiz, and exam 1 & 2 and Assignment 1 & 2 have received a minimum passing score of 70%. Once the course is complete and you have been issued a DSD certificate you will no longer be a student and be blocked from access to the course.
2. We Limit the Final Exam Availability. To keep students from taking the final exam before they have completed the quiz, 2 exams and 2 assignments we have secured it with a password. The password has a defined time limit of 2 hours. The final exam has a time limit of 120 minutes and is set to only allow one attempt. You must provide a minimum of a 24-hour emailed notice to schedule the final exam.
3. The Back Button is Disabled. This is essential to keep students from selecting an answer, checking to see if the answer is correct, then clicking the back button to select a different answer.
4. The Print Button is Disabled. To prevent students from printing the test we have disabled the print feature. In addition to that there is only one question per page.
5. We Ask for Quiz Taker Specific Information That We Can Verify. All quiz/exam takers must provide the following bits of information about themselves: name, email, nursing license number.

In conclusion, each of these settings offers a level of security that can individually reduce cheating in our online tests. We use these techniques in a single test because it will reduce the chances of cheating even further.
